

ÖZGÜR KURDOĞLU

Istanbul, Turkey | +90 507 517 26 70 | kurdogluozgur23@gmail.com | www.ozgurkurdoglu.com | LinkedIn | Github

SUMMARY

- Recent Computer Engineering graduate with a strong foundation in **backend development**, **databases**, and **cybersecurity**.
- Proficient in **Java**, **C#**, **SQL**, and **Python**, with hands-on experience in **.NET**, **Spring Boot**, and **Microservices**.
- Contributed to **Big Data** and **Business Intelligence** projects, gaining insights into data-driven decision-making.
- Passionate about scalable software solutions and continuously improving technical skills.

SKILLS

- Backend:** JAVA, C#, PHP, Python
- Frontend:** HTML, CSS
- Database:** MySQL, PostgreSQL, MSSQL
- Version Control & DevOps:** Git, Docker, Kubernetes
- Frameworks:** Spring Boot, .NET, Tailwind CSS, Bootstrap, React

EXPERIENCE

Anchor Security A.Ş | Ankara, Turkey

Software Developer Intern | 09/2024 – 10/2024

- Conducted security testing on company platforms, identifying and documenting security vulnerabilities.
- Created phishing simulations using **GoPhish API** to improve employee awareness.
- Developed automation scripts to enhance cybersecurity monitoring.

Türk Havacılık ve Uzay Sanayii AŞ | Ankara, TURKEY

Turkish Aerospace Industries Inc. (TUSAŞ) is Turkey's leading aerospace company, specializing in the design, development, manufacturing, and integration of aerospace systems, including aircraft, helicopters, unmanned aerial vehicles, and satellites.

Software Engineer Intern | 07/2024 – 08/2024

- Worked with **C#** and the **.NET** framework, developing projects using the **MVC** architecture.
- Completed **hands-on network training**, gaining experience in basic switch configuration.
- Designed and implemented a **web-based interface** using **MVC** architecture to automate **Active Directory** and **database synchronization** processes, improving system efficiency and user accessibility.

TECHBROS | Remote

TECHBROS is a technology company that provides solutions in the fields of data engineering, big data, and business analytics.

Software Developer Intern | 07/2023 – 08/2023

- Gained hands-on experience in **SQL**, **Data Engineering**, Data Science, Big Data Platforms, and Business Intelligence Platforms
- Worked on ETL pipelines and optimized **SQL queries** for improved performance.

EDUCATION

Çukurova University | Adana, Turkey

Bachelor's Degree in Computer Engineering

GPA: 3.03 | %100 English

08/2020 – 10/2024

Lublin University of Technology | Lublin, Poland

Study Abroad | Computer Engineer

09/2023 – 02/2024
